UI/UX: User Research, User Flows, Journey Mapping, Wireframing, Prototyping, Interaction Design, Visual Design, Information Architecture, Design Systems, Accessibility, Responsive Design, UX Laws
Tools: Figma, Adobe XD, Photoshop, Illustrator, After Effects, InDesign, Framer, Whimsical, Midjourney, Figma AI, Claude AI, ChatGPT
Soft Skills: Communication, Presentation, Research Thinking, Time Management, Task Planning, Attention to Detail, Analytical Thinking Communication Collaboration, Concept Development, Problem Solving Adaptability, Time Management ,Internal Communication Design , Branding Visual Identity, Presentation Design , UI Layout Planning, Corporate Brand Alignment, Problem Solving, Time Management

EXPERIENCE

Three Matters Lab, Pune June 2026 – Present
Junior UI/UX Designer

- Design user-friendly digital interfaces with a focus on usability, navigation, and visual consistency.
- Manage end-to-end Bitamin design projects, translating requirements into user flows and polished UI designs.
- Designed interactive product catalogs, from initial concept to final UI, ensuring clear product presentation and intuitive browsing.
- Designed WhatsApp Flows end to end, mapping user journeys and creating structured conversational experiences.
- Apply user-centred design principles to create intuitive, consistent and scalable digital experiences.
- Refine layouts and explore design solutions using Figma and AI tools to improve interface quality.

Tata Motors (TMCV), Pune Feb 2026 – Apr 2026
UX Design Intern

- Developed visual identity systems (logos, iconography, branding assets) for internal initiatives.
- Designed communication assets including banners, posters, and employee engagement materials.
- Redesigned presentation decks with reusable layouts and custom icons.
- Contributed to UI layouts for internal platforms focusing on clarity and usability.

Polycrafts Tech Pvt Ltd, Pune Jun 2025 – Nov 2025
UI/UX Design Intern

- Designed and developed a responsive company website improving navigation and usability.
- Created brochures, social creatives, and presentation templates.
- Led branding and design system implementation across projects.

PROJECTS

Bitamin – Interactive Product Catalogs Designed the catalog experience from concept to final UI, focusing on product discovery, structured information presentation, intuitive browsing and a consistent visual experience inspired by conversational commerce catalog patterns.
Bitamin – WhatsApp Flows: Designed interactive WhatsApp Flows from initial workflow planning to final interface design. Mapped conversational journeys, organised information into clear steps and designed guided interactions to create a streamlined user experience.
Gym Management Application (Thesis): Built multi-role UX system with research, wireframes, and scalable design.
Duolingo Live Rooms Lobby Feature: Designed gamified interactive lobby using Whimsical and AI tools to improve engagement.
UX Design Sprints: Executed rapid ideation-to-prototype workflows using AI tools.
